KONKURS 2009.

CONTEST 2009

Ove godine Konkurs je pokazao najviši umetnički kvalitet koji je izazvao strahopštovanje, u nekim slučajevima zavist, a uopšteno govoreći najveće moguće zadovoljstvo.

Pobednički rad je odmah privukao pažnju žirija moćnim pripovedačkim uticajem i crtačkim umećem neporecivog kvaliteta. Drugi radovi proizveli su manje-više sličan utisak na sve članove žirija koji nisu sledili svoje lične naklonosti, već su se rukovodili prikazanim dostignućima u pripovedanju i vizualizaciji. I tako je žiri doneo svoju odluku – nije bilo dvoumljenja oko najboljeg scenarija i crteža u nekoliko kategorija, uključujući i "Mladog lava" za dečiji uzrast. Može da se kaže da su, zahvaljujući iskazanom stvaralaštvu i entuzijazmu većine učesnika, sve odluke praktično donete jednoglasno. Posetioci Salona imaju priliku da uživaju u izvanrednoj izložbi stripova pristiglih iz 27 zemalja širom sveta.

Reč koja opisuje nagrađene i druge izložene radove jeste "profesionalizam", a žiri ponosno iskazuje svoj vrstav stav sa zadovoljstvom i uz nadu da će strip umetnost nastaviti svoje bivstovanje u srpskoj i svetskoj kulturi.

This year the contest presented a vast amount of highest quality art which inspired awe, in some cases envy and generally the pleasure of the best kind.

The winning entry instantly got the Jury's attention with powerful storytelling impact and draftsmanship of the undeniable quality. Other entries made more or less similar impact on all the Jury members following not their personal tastes, but the objective facts of the shown abilities in storytelling and visual presentation. So, the Jury made its choice - there was no doubt about decisions regarding the best script and art in several categories, including the "Young Lion" for children. It can be said that all decisions were practically unanimous thanks to the shown creativity and enthusiasm of most of the contestants. The manifestation attendees can relish in the splendid exhibition of comics incoming from 27 countries from all over the world.

The term describing the awarded and other exhibited entries can be "professionalism" and the Jury proudly announces its firm stance with pleasure and hope that comics art will continue its existence in contemporary Serbian and global culture.

DRAKULA

MARIAN MIRESCU,
RUMUNIJA/ROMANIA (SCENARIO/SCRIPT)

"Počeo sam da radim stripove kao svoju ličnu razonodu. Tokom mog detinjstva, za vreme komunističke vlasti, to je u mirnom južnjačkom gradiću poput Krajove bilo pribegište, a crtanje, vrata ka izmišljenom i boljem svetu. Fanzini, knjige naučne fantastike prevodene u kućnoj radinosti i stotine stripova pomogli su mi da prođem kroz to vreme. Sada više pišem nego što crtam, tako da nudim svoje scenarije mladim umetnicima i povezujem ih sa tušerima i koloristima. Takođe i dalje uredujem fanzine "AH, BD" još od 1996, i "Sanki".

"Drakula" koga je crtao Kristijan, jedan od tih mladih talentovanih autora, jeste rumunска verzija priče iz međunarodnog strip projekta "Čudovišta"."

"I started doing comics as a personal cinema. During my childhood, in the communist regime, cinema was a refuge in a peaceful Southern town like Craiova, and drawing, a door to an imaginary and better universe. Fanzines, homemade translated SF books, and hundreds of comics helped me make it through that period of time. Now I write more than I draw, so I offer scripts to young artists and team up with inkers and colorists. Furthermore I keep editing fanzines: "AH, BD!" since 1996, and "Sanki".

"Dracula", drawn by Cristian, one of these talented young artists, is a Romanian version of a story from international comic book project "Monsters".

HA HA
HA!

IGROM SLUČAJA UPOZNALA JE
MOG OCA. NJEGOVO POREKLO
BEŠE NEJASNO, A NJEGOVA
PROŠLOST OBAVIJENA TAJNOM.
BIO JE NA LOŠEM GLASH...

JA NI DAN-DANAS
NE ZNAM DOVOLJNO O
NJEMU. MOGU
SAMO DA
NAGADAM.

JEDAN SUSRET,
I POVRATKA VISE
NIJE BILO.

MOJ DEDA JE
POBESNEO KAD
JE SAZNAO KO MI
JE OTAC. ISTOG
ČASA, MAJKI I
JA BEJASMO
PROGNANI ZBOG
SRAMOTE KOJU
SMO NANELI
NJEGOVOM
DOMU I IMENU.

I TAKO, JEDINA PREOSTALA
OSOBA KOJOJ JE MOGLA
DA SE OBRATI ZA POMOC
BEŠE MOJ NEMARNI OTAC.

MISLIM DA MU JE U POČETKU BILO ZABAVNO
ŠTO IMA ŠINA. ALI NIŠTA NIJE MOGLO OUGO
DA ZADRŽI NJEGOVU PAŽNU. NE SEĆAM SE
DA ME JE IKADA ZAGRLO. BLO JE DANA
KADA ME UOPŠTE NIJE PRIMEĆIVAO.

RETKO KAD JE BIO
KOD KUĆE. PONEKAD
JE BILO JOŠ GORE
ŠTO JE BIO PRISUTAN.

NJEGOVI APETITI
SU UNIŠTAVALI
MOJU MAJKU.

JEDNOS DANA, ZAPRETILA
MU JE DA CE GA OSTAVITI
I ODVESTI ME SA SOBOM.

TADA JE, NA SVOJ NAČIN, POKAZAO
KOLIKO MU JE ŠTALO DA NAS ZADRŽI.
TAJ DAN ODЛИЧНО PAMTIM JER SAM
PRVI PUT U ŽIVOTU VIDEO LICE ZLA.

NEMA OPROŠTAJA ZA ONO ŠTO
JE UČINIO MOJOJ MAJCI. NEMAM
REĆI DA OPISEM KAKO SAM SE
OSEĆAO GLEDAJUCI SVE ŠTO JE
USLEĐIO. TEK SADA SE PITAM KA-
KO JE MOGUĆE DA JE PREŽIVELA.

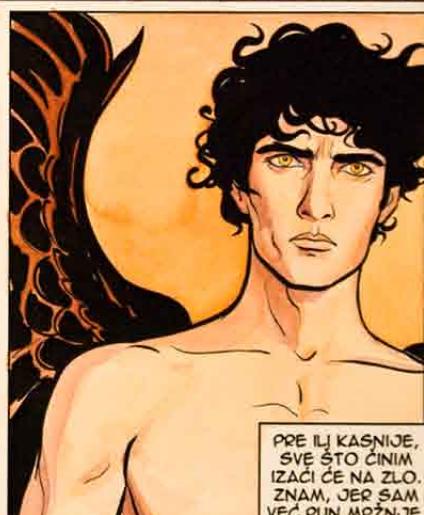

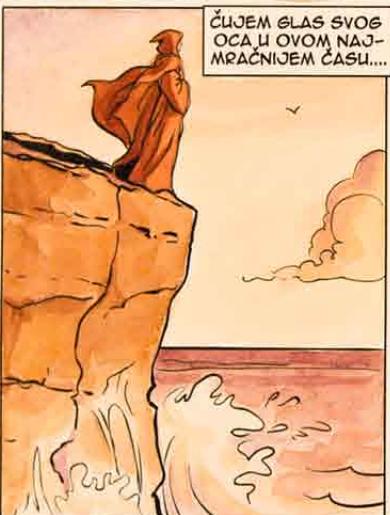

OTAC JE UBRZO POTOM NEŠDE OTIŠAO, I TO JE BIO POSLEDNJI PUT DA SAM GA VIDEO. DANIMA SAM BIO PREPUŠTEN SAM SEBI, I NAJZAD SAM SMISLIO KAKO DA JOJ POMOGNEM.

USPEO SAM DA JE OSLOBODIM. NIJE MORALA NIŠTA DA MI KAŽE, ZNAO SAM DA STVARI VIŠE NIKADA NEĆE BITI ISTE. ONA VIŠE NIJE BILA ISTA. ZNAO SAM DA JE SLOMLJENA, I DA CE ME NAPUSTITI.

SPECIJALNI GOST
SPECIAL GUEST

Rajko Milošević Gera rođen je 1959. godine u Beogradu. Crti mu nisu bili najvažnija stvar u detinjstvu, ali se on ne seća nijednog dana svog života pre nego što je počeo da se bavi crtanjem. Iako je završio Dizajnersku školu, odustaje od Akademije pošto je prvi put odbijen, pitajući se zašto je uopšte i pokušao.

Osmadesete godine prošlog veka provodi u upijanju najrazličitijih knjiga, filmova i muzike. Od 1981 do 1984. veoma je aktivna u svetu muzike sa svojim Strip Blues Bandom i održava mnogobrojne izuzetno posećene koncerte - kuriozitet za bend koji nije objavio ni jednu ploču. U pokušaju da živi od crtanja, napašta muziku. Radovi mu se objavljuju u svim važnijim jugoslovenskim strip revijama toga vremena. Međutim, uviđa da njegov talent, naročito izuzetno umetničko izvođenje, u ovoj sredini ne može doći do punog izražaja. Postaje mu jasno da se život nalazi negde drugde...

Septembra 1991. seli se u Barselonu (Španija), gde i danas živi sa porodicom. Od tada je radio na polju advertajzinga za muzeje, banke i mnogobrojne reklamne studije.

Sarađivaо je, između ostalih, sa španskim, danskim i italijanskim studijima za animaciju. Objavljivao je svoje radove u svim značajnijim španskim strip edicijama. Trenutno za francuskog izdavača Glénat radi dva tekuća serijala: Le Lievre de Mars ("Zec sa Marsa"), čiji je scenarista Patrik Kotja (Patrick Cothias) i Howard Blake, a za DC/Warner Vertigo ediciju još jedan uspešni serial, Scalped koji je kreirao zajedno sa piscem Džeјsonom Aronom (Jason Aaron).

Dobitnik je niza priznanja, među kojima se izdvajaju Nagrada za najbolje realističko domaće ostvarenje za strip Teksaški jahači (3. Vinkovački salon jugoslovenskog stripa, 1986.) i Zlatno pero (Beograd, 1988.).

Prijateljima, roditeljima, a posebno supruzi i deci, duguje veliku zahvalnost za pruženu pažnju i podršku. Mnogo voli Beograd i sluša Peščanik.

R.M. Queralt

R.M. Guera was born in Belgrade in 1959. Drawings were not the most important thing for him during the childhood, yet he doesn't remember a single day of his life before drawing. Although he graduated the Design High School, he decided to drop out of the Art Academy after he was rejected the first time, wondering why he even tried.

He spent the eighth decade of the last century absorbing the wide diversity of books, movies and music. From 1981 to 1984 he is very active on the music scene with his Strip Blues Band, does many well-attended gigs – quite a curiosity for a band without a single released record. In an attempt to be a full-time artist he leaves the music behind. His artwork is published in all major Yugoslavian comic magazines of the time. However, he realizes that his talents, especially exquisite artistic achievements, can't reach full potential in this environment. It became quite obvious to him that life is happening somewhere else...

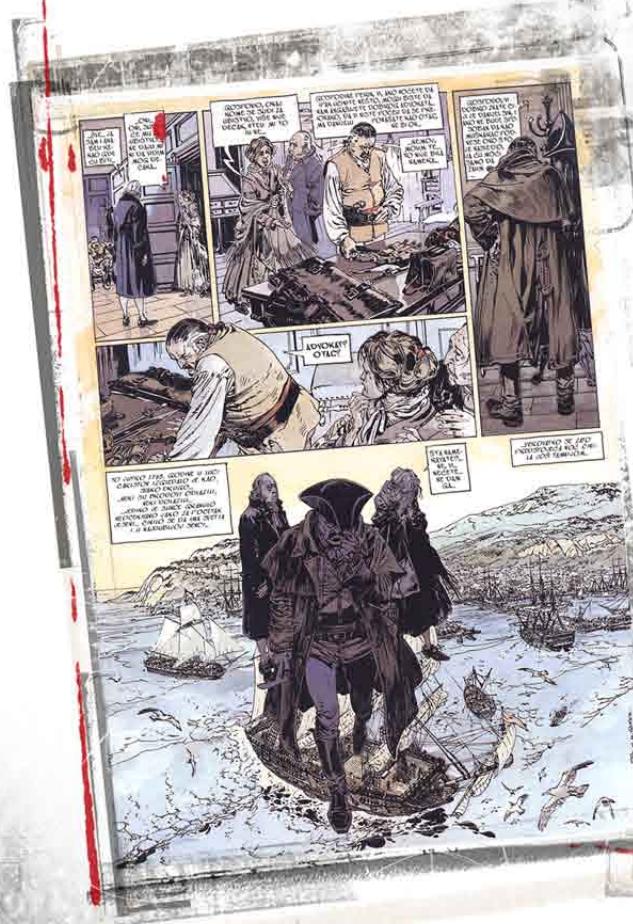

In September 1991 he moves to Barcelona, Spain where he still lives today with his family. Since then he worked in the fields of advertising for museums, banks and many commercial studios. He co-operated, amongst others, with Spanish, Danish and Italian animation studios. His works were published by all prominent Spanish comics companies. At the moment he is working on two ongoing serials for French publisher Glénat: Le Lièvre de Mars ("Rabbit from Mars", written by Patrick Cothias) and Howard Blake; for American DC/Warner Vertigo imprint another successful series, Scalped which he has co-created with the writer Jason Aaron.

He received a succession of recognitions, most distinguished being "The Award for the best Yugoslavian realistic comics achievement" with The Texan Riders (3rd Salon of Yugoslavian Comics – Vinković, 1986) and "The Golden Pen Award" (Belgrade, 1988).

To his friends, parents and especially his wife and children, he owes much gratitude for all given encouragement and support. He likes Belgrade a lot and listens to "Pescanik" radio show.

RUFUS DAYGLO (UK)

Rufus Dejglou je stalni crtač novog stripa "Tenkara" (Tank Girl) za koju scenarije piše koautor junakinje, Alen Martin. Oni trenutno rade novu seriju Tenkare za Magazin 2000AD u Ujedinjenom Kraljevstvu, IDW stripove u SAD, Titan izdanja u UK, kao i ilustracije za veb-sajt "Devojke Samoubice" (Suicide Girls). Takođe će uskoro najaviti neke uzbudljive novosti u vezi Tenkare.

Dejglou je radio na "Sudiji Dredu" (Judge Dredd) za 2000AD, na "Metal Gear Solid" (zajedno sa Ešlijem Vudom) i na više projekata za

IDW books. Imao je dovoljno sreće da sarađuje sa nekolicinom svojih strip-heroja – između ostalih Džonom Vagnerom, Alenom Martinom i Ešlijem Vudom.

Svoju karijeru započeo je u animaciji... crtajući sve, od Duška Dugouška preko Tigra Tonija do Gorila. Srećom, jednog dana ostavili su mu otključana vrata i on je pobegao i pridružio se stripovskom cirkusu!

Informacije o novim stripovima o Tenkari mogu da se nađu na www.tank-girl.com

Rufus Dayglo is regular artist of the new Tank Girl comic books, written by the character's co-creator, Alan C. Martin. They are currently doing new tank Girl series for 2000ad Megazine in the UK, IDW Comics in the States, Titan Books in the UK, and pin-ups for Suicide Girls online. They will soon announce some exciting news about Tank Girl.

He has worked on Judge Dredd, 2000AD, Metal Gear Solid (with Ashley Wood), and a number of different IDW books. He has been lucky enough to work with some of his Comics heroes: John Wagner, Alan Martin and Ashley wood amongst a few.

He began his career in animation... and drew everything, from Bugs Bunny, Tony the Tiger, to Gorillaz. Thankfully, one day they left the door unlocked, and he ran away and joined the Comic books circus!

MEĐUNARODNI PROJEKTI INTERNATIONAL PROJECTS

GREGG COX (USA)

ALEKSANDAR SOTIROVSKI (FYROM)

Vudlends je internacionalni višeslojno zamišljeni strip-projekat, usredsređen na prirodu. Kako u većini slučajeva postoe dve strane, dobra i loša, ni Vudlends u tome nije izuzetak.

Vudlends je, uz početnu priču i dizajn likova, zamišljen 2006. Priču je osmislio Greg Koks dok je likove i crteže oblikovao Aleksandar Sotirovski.

Ipak, ovaj projekat nije samo priča i nekoliko crteža.

U pitanju je poveći poduhvat koji će biti realizovan u više delova širom sveta. Ovi delovi se sastoje od preko 120 epizoda ili scenarija (80 ih je već završeno), strip sveske i 11-minutnog 2D filma za svaku epizodu, kartaške igre od 10 serija sa 100 posebnih karata unutar svake serije (svetski rekord sam po sebi), uz niz drugih ponuda.

Gde smo danas?

Profesionalni glumci su završili sinhronizaciju većine epizoda, a svakog dana je gotovo sve više crteža. Kompletirana je i prva serija igre i karte su odštampane, da ne pominjemo postere, postavke i prve stripove. Igra je patentirana i započela je marketing kampanja sa mnogim probnim testovima kako bi se proverila prihvatljivost deci širom sveta.

Veliki poduhvat, ali takav za koji smo sigurni da ćete u njemu uživati.

The Woodlands is an international, multiple concept based comic project, with its focus on nature. As with most things there are two sides, the good and the bad, and this is no exception with The Woodlands.

The Woodlands was conceived in 2006 with an initial story and character design. The storyline was invented by Gregg Cox while the characters and artwork were created by Aleksander Sotirovski.

But the Woodlands project is not just a story and a few drawings:

The Woodlands project is a major undertaking and will be released in multiple parts around the world. These parts consist of over 120 episodes or screenplays (80 are now complete), a comic book series to follow each episode, an 11 minute 2d animation film of each episode, a card game consisting of 10 series with 100 individual cards within each series (A world record in itself) and a variety of other offerings.

Where are we today?

Professional voice-overs have completed a majority of the episodes and more art work is being completed daily. The first series of the card game is completed and the cards have been printed, not to mention posters, layouts, and the first comics. The card game has been patented and the marketing has begun with many "in country" tests to evaluate the acceptance of children worldwide.

A massive undertaking, but one we are sure you will enjoy.

JUBILEJI SRPSKOG STRIPA SERBIAN COMIC ANNIVERSARIES

70 GODINA LISTA POLITIKIN ZABAVNIK / 70 YEARS OF POLITIKIN ZABAVNIK MAGAZINE

40 GODINA STRIPA DIKAN / 4 DECADES OF THE COMIC STRIP DIKAN

10 GODINA STRIP VESTI / 10 YEARS OF STRIP VESTI ("COMICS NEWS")

POLITIKIN ZABAVNIK U SVETU STRIPA

Politikin Zabavnik osmišljen je još 1939. godine kao porodični list namenjen povezivanju generacija roditelja i dece, sa ciljem da zanimljive sadržaje iz popularne nauke, istorije i prirode prikaže na svima shvatljiv način, bez obzira na obrazovni ili starosni nivo. Zamisao da ima strip i bude bogato ilustrovani izdvajala ga je od svih ostalih listova.

Kroz svoje sedamdesetogodišnje trajanje postao je tradicija zato što je sačuvao svoju osnovnu zamisao do današnjih dana, prilagođavajući se vremenu, pre svega kroz pristup temama, vizuelni izraz i opremu rubrika, ali nikad ne menjajući hod po tankoj liniji između zabave i pouke, nastojeći da ne skrene previše ni na jednu od strana. Zabavnik je uvek aktuelan na svoj način i iz nekog neočekivanog ugla. Jedini je list koji gaji ilustraciju i kod čitalaca stvara svest o važnosti vizuelnog izgleda.

Za sve ove godine Zabavnik je čitaocima otkrio zanimljive svetove najvećih crtača stripa, od Diznija i Đorđa Lobačeva, preko Aleksa Rejmonda, Miltona Kanifa, Frenka Robinsa, Dika Braunija, Morisa, Uderza, Huga Prata, Hermanna, do najmodernijih – Marinija, Van Hamme i ko zna koliko čemo značajnih preskočiti u nabranjanu. Uz to, Zabavnik je jedini list kod nas koji je uspeo da ustoliči nacionalni stripski lik. Tokom sedamdesetih godina veka za nama, Stari Sloven Dikan je pojavom i omiljenošću uskočio sa stranica našeg lista u srca cele jedne generacije koja je stasavala tih godina.

Sve u svemu, Zabavnik je brend na koji još nije pala nijedna senka, a preprošle godine proglašen je "Superbrendom" među štampanim medijima u našoj zemlji.

Petar Milatović

"POLITIKIN ZABAVNIK" IN THE WORLD OF COMICS

"Politikin Zabavnik" magazine was conceived way back in 1939 as a family broadsheet designed for connecting the generations of parents and children, with a view to present popular science, history and nature in a way comprehensible to everyone, regardless of age or educational level. The idea to present comic strips and to be richly illustrated has distinguished it from all other papers.

Through seven decades of existence it became the tradition, for it kept its basic conception till today, conforming to the times primarily through approach to topics, visual expression and presentation of the sections, but always walking the thin line between entertainment and education and endeavoring never to go astray. "Zabavnik" is always topical in its own way and from an unexpected point of view. It is the only publication that nurtures the art of illustration and creates the awareness on importance of the visual presentation amongst its readers.

Through all these years "Zabavnik" revealed to its readers interesting worlds of the greatest comic strip masters, from Disney and Đorđe Lobačev, through Alex Raymond, Milton Caniff, Frank Robbins, Dik Browne, Morris, Uderzo, Hugo Pratt, Hermann – to the modern greats such as Marini, Van Hamme and many other important ones omitted from this list. Besides that, "Zabavnik" is the only publication here that has managed to establish an authentic national comic strip hero. During the 70's of the last century, Dikan the Ancient Slav, due to his charisma and appearance, sprung from the pages of this paper into the hearts of the whole generation growing up in those times.

In all, "Zabavnik" is the spotless brand and two years ago it has been proclaimed "The SuperBrand" amongst the printed media in our country.

МИКИ, ХРАБРИ КРОЈАЧ

ОД ВОЛТА ДИЗНИЈА

Ideja o stripu "Dikan" autora Laze Sredanovića stvorena je kroz konkurs pokrenut početkom 1969. godine u Politikinom zabavniku. Ovo je, kao i niz drugih novina koje su značajno uticale na kvalitet i popularnost Zabavnika, bila zasluga tadašnjeg glavnog urednika Nikole Lekića. Dikan se u ovom listu prvi put pojavljuje u br. 903, 18. aprila 1969. godine sa epizodom

"Buzdovanske Igre". Prvi scenarista bio je Ninoslav Šibalić, a zatim su scenario pisali Nikola Lekić, Branislav Đurica, Milenko Maticki, Slobodan Ivković i sam Sredanović. Shodno socijalnim, kulturnim i etničkim prilikama toga vremena, visoki i snažni Sloven Dikan bio je zamišljen kao junak u kome su mogli da se ogledaju svih šest naroda koji su sačinjavali bivšu domovinu. Njegov stalni pratilac je stric Vukoje koji u skladu sa svojom zrelijom dobi savetuje mladog sinovca usijane glave. Strip prati kroz parodiju mnoge probleme i polemike savremenog društva. Vremenske odrednice njegovog dešavanja nisu ograničene i Dikan se sa stricom Vukojem pojavljuje kroz razne istorijske epohe, pa i u budućnosti, kao što je to u epizodi "Dikan i pretinja sa Orionom". Često se Dikan poređi sa francuskim strip junakom Asteriksom, verovatno zbog žanra koji se obraća publici sličnog profila. No, njegov autor Lazo Sredanović demantuje svaku namernu sličnost. Tiraž "Dikana" je tokom sedamdesetih godina prošlog veka dostigao 400.000 primeraka, a štampaju se i posebna izdanja na slovenačkom jeziku gde u prevodu Dikan dobija ime Tilen. Iako стоји činjenica da nije poput drugih stripova izlazio u zasebnim sveskama, pošto je Zabavnik donosio i druge sadržaje, možemo ga smatrati za najtiražniji domaći strip ikada objavljan na prostoru bivše Jugoslavije.

"Dikan" se, razliku od tada veoma popularnog domaćeg stripa "Mirko i Slavko" iz magazina "Nikad robom" koji je osim zabavnog štiva bio odraz onovremene političke propagande, kreće samo po realnom kulturnom obrascu koji i danas spaja narode bivše države. On je još uvek medijski aktuelan i verovatno će to ostati i dalje. Zbog toga, još uvek nije moguće doneti precizan i konačan sud o značaju "Dikana" za domaću kulturu, a za sada jedino možemo reći da je veliki.

Biografija autora

Lazo Sredanović je rođen 19. 09. 1939. godine u Nikšiću. Školu za primenjene umetnosti završio je 1960. godine u Herceg Novom. U Beogradu 1965. diplomira na Akademiji za primenjenu umetnost, grafički odsek u klasi profesora Mihaila Petrova. Od rane mladosti pokazuje interesovanje za strip, karikaturu i ilustraciju. Prvi strip objavio je u svojoj četraestoj godini u dečjem listu Pioniri. Tokom studija radio je ilustracije i karikature za Ferijalac, list Ferijalnog saveza Jugoslavije. 40 GODINA STRIPA DIKAN

4 DECADES OF THE COMIC STRIP DIKAN

The idea for launching Dikan comic feature, created by artist Lazo Sredanovic, materialized through competition at the beginning of 1969 in "Politikin Zabavnik" magazine. Editor in chief in those years, Nikola Lekic, was instrumental for this and many other introduced novelties that were influential on the quality and popularity of the magazine. Dikan appears for the first time in "Politikin Zabavnik" no. 903, issued on April 18, 1969, in the episode "Mace Games". The first script writer was Ninoslav Šibalić, then he was succeeded by Nikola Lekić, Branislav Đurica, Milenko Maticki, Slobodan Ivković and the artist himself. According to social, cultural and ethnical circumstances of the time, tall and strong Slav Dikan was imagined as the hero mirroring all six nations living in Yugoslavia. His faithful companion used to be his uncle Vukoje who according to his mature age counsels his young hot-headed nephew. The comic serial follows through parody many problems and polemics of the contemporary society. The time bracket of the action depicted in the comic is not limited. Dikan and Uncle Vukoje appear in many historical eras including future, as in the episode "Dikan and the Orion Threat". Dikan is frequently compared to French comic hero Asterix, probably due to the genre addressing the similarly profiled audience.

Nevertheless, his creator Lazo Sredanovic denies any intentional similarity. Circulation of the Dikan comics in the 70's reached 400 000 sold units. Special editions in Slovenian language were created where Dikan was rechristened Tilen. Although the fact remains that it wasn't published in comic book format as the other titles, since "Zabavnik" was presenting other non-comics features, it is a sure guess that Dikan was the best-selling domestic comic strip ever published in the ex-Yugoslavian region.

Dikan - unlike then very popular comic book serial "Mirko and Slavko" from the magazine "Nikad robom" ("Never Surrender") which used to be not only entertainment, but also a reflection of the political propaganda of the time - moves across the pattern of real culture which even today connects peoples of former Yugoslav republics. At present, it is still current in media and it will probably be in the future. Therefore, it is not possible to reach the position for final and precise judgment of the importance of Dikan phenomenon in our culture; for now we can only state that it is considerable.

Artist's Biography

Lazo Sredanovic was born on September 19th 1939 in Nikšić, Montenegro. In 1960, he finished Applied Arts School in Herceg Novi. He graduated in 1965 at the Academy of Applied Arts, Belgrade, graphic department, in the Professor Mihailo Petrov's class. Since an early age he showed interest for comics, cartoons and illustrations. His first comic strip was published in the magazine "Pioneers" when he was 14. During his studies he did illustrations for "Ferijalac", magazine of the Youth Association of Yugoslavia, where he also frequently published tiers of the strip written by Petar Mars.

He did illustrations for many children's picture books. Dikan was drawn by him for "Politikin Zabavnik" exclusively. Today he does graphic design and illustrations for magazines, textbooks and children's picture books. He took part in many caricature exhibitions at home and abroad. He has received many awards and diplomas. He lives and works in Belgrade and in Krasici near Titov.

■ STRIP VESTI KAO DOBRODOŠAO IZUZETAK

Vasa PAVKOVIĆ

Strip vesti su već deset godina osmišljeno uporište stripa. Ne samo u Srbiji i ne samo u eks jugoslovenskim republikama, nego, kako im podnaslov kazuje, i na Balkanu. Ljubitelji stripa na celom ovom području, a svakako i u najširim prostorima van njega, to svakako znaju i svakodnevno posećuju Strip vesti da bi videli šta ima novog u svetu devete umetnosti – kod nas i u svetu.

Ko nam je to omogućio?

Internet - svojim medijskim mogućnostima i Zlatko Milenković - svojom neverovatnom upornošću i entuzijazmom.

Strip vesti istovremeno funkcionišu kao aktuelna oglasna tabla i kao kritički poligon, povremeno kao polemički prostor, odnadvajno i kao mesto na kojem se mogu čitati kraći stripovi.

I ovo bi bilo dovoljno.

Ali, Strip vesti Zlatka Milenkovića funkcionišu i kao informativno - reklamni bilbord neverovatnih dimenzija, odnosno kao opsežna i dragocena arhiva savremene devete umetnosti uopšte. Kod nas i u svetu.

Strip vesti su i neka vrsta transfera informacija, odnosno organizovani prostor na kojem se mogu pronaći raznovrsniji linkovi, koji dalje šire stripovsku mrežu i podstiču interesovanje, razumevanje i ljubav za svetski i ovdašnji strip.

Za Strip vesti su između ostalih pisali i pišu: Zdravko Zupan i Ilija Bakić, Zoran Đukanović i Aleksandar Manić, Darko Macan i Veljko Krulčić. Na njima se oglašavaju Zoran Stefanović i V. Fumeti, a svakodnevno ih interesantnim informacijama iz svetskog stripa snabdeva Marko Ajdarčić.

Strip vesti su jednostavno čudesna spona između stvaralača i ljubitelja stripa na Balkanu ali i diljem čitavog sveta, mesto pozitivne energije i podrške kreativnim ljudima.

U dobu koje je često okrenuto razdvajajući i razaranju Strip vesti Zlatka Milenkovića izdvaja njihova otvorenost i suštinsku pozitivnu ideju saradnje i koegzistencije različitosti.

Zato im svako, ne samo ljubitelji stripa i strip autori, izdavači stripa i njegovi teoretičari i istoričari, čista srca mogu poželeti još godine i decenije postojanja i uspeha.

■ STRIP VESTI AS A WELCOME EXCEPTION

Vasa PAVKOVIĆ

Strip vesti („Comics News“) is a well-conceived comics stronghold for a decade. Not only in Serbia and not only in ex-Yugoslav republics but also, as the title suggests, in the Balkans. Comics fans in the whole area and wider regions outside of it know it for sure and visit Strip vesti daily to see what is new in the world of the Ninth art – in our country and abroad.

Who made that possible for us?

Internet – with its media capabilities and Zlatko Milenković – with his uncanny perseverance and enthusiasm.

Strip vesti at the same time function as a current bulletin board and critique court, from time to time as the area for debates, from recently also as the place where you can read short comics.

Even this would be enough.

But Zlatko Milenković's Strip vesti act as an informative-advertising billboard of enormous proportions, i.e. as a huge and valuable archive of the contemporary Ninth art in general – abroad and at home.

Strip vesti also serve as the information transfer, or rather as an organized place where one can find various links providing further and wider comics net and support interest, understanding and love for the foreign and domestic comics.

For Strip vesti, contributing writers were and are, among others: Zdravko Zupan, Ilija Bakić, Zoran Đukanović, Aleksandar Manić, Darko Macan and Veljko Krulčić. Zoran Stefanović and V. Fumeti are also present there, alongside with Marko Ajdarčić who provides them with interesting info from the international comics scene on a daily basis.

Simply put, Strip vesti is a wondrous link between comics creators and fans in the Balkans, but also all over the world, the place filled with positive energy and very supportive of creative people.

In the age frequently geared towards division and destruction, Zlatko Milenković's Strip vesti are distinguished with its openness and essentially positive idea of synergy and coexistence of differences. Therefore everybody – not just comics fans and creators, publishers, editors, historians and theorists – could wish them sincerely many more years and decades of lasting success.

ISTORIJA I STRIP – MAČ PRINCA VALIJANTA

HISTORY AND COMIC ART – THE SWORD OF PRINCE VALIANT

Od svih devet umetnosti, strip je ona čije su teme i siže najmanje vezani za sadašnjicu i najviše putuju kroz vremenske epohe, od najdalje prošlosti preko istorijskih, kvaziistorijskih i mitskih perioda do budućnosti i naučne fantastike. Pored jednostavnih i očiglednih razloga, poput neograničenog budžeta "kostimiranih" crtanih priča, tome je svakako najvažniji uzrok neobuzdanost ljudske maštete, dakle strip autora i njihove publike.

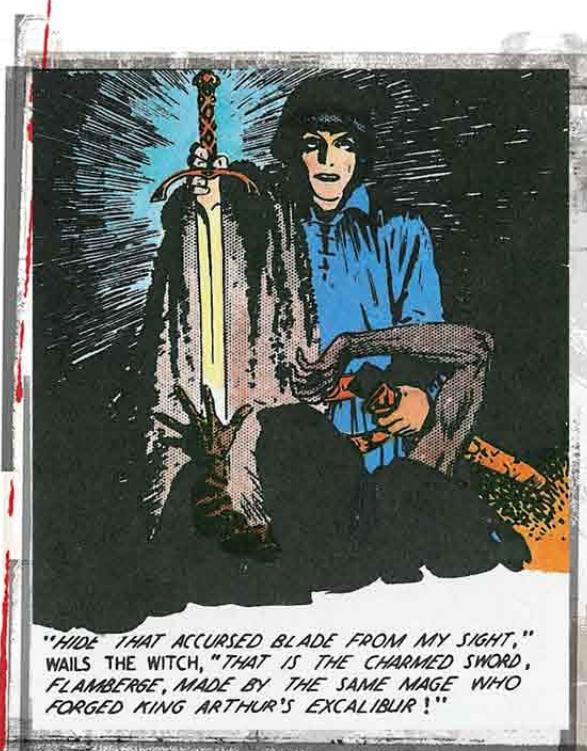

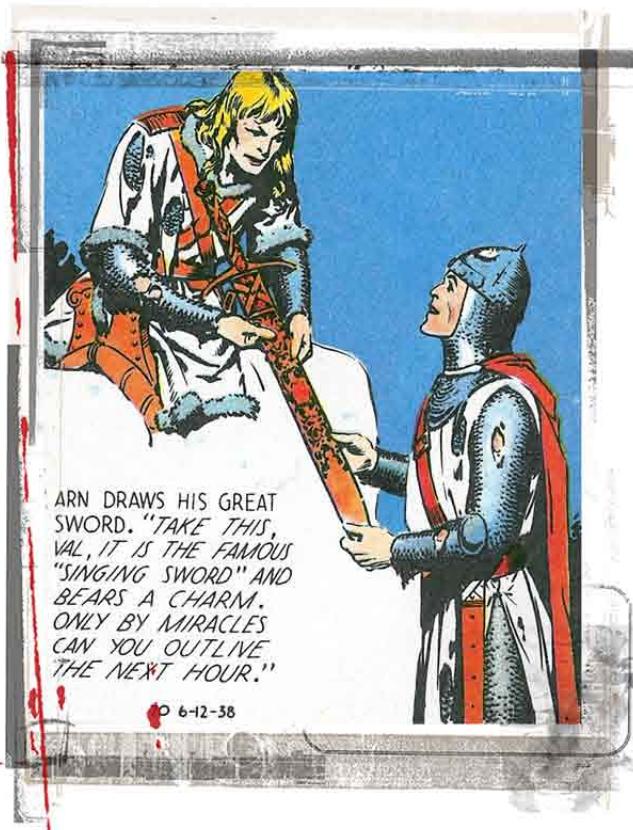

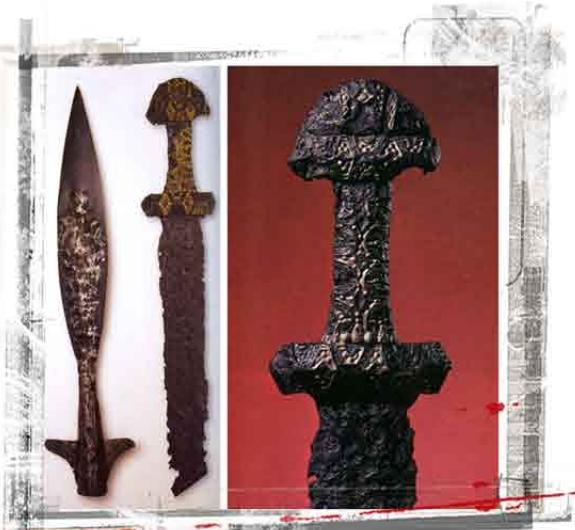

Jedan od najboljih priznatih strip serijala koji je tako duboko uronio u epohu u kojoj se njegova priča odvija, ujedno i najpoznatijih i najslavnijih remek-dela ovog žanra jeste Princ Valijant (Prince Valiant). Pokrenut sada već davne 1937. godine on je ostao omiljeno štivo mnogih generacija širom sveta sve do današnjih dana, doživevši nebrojeno izdanja i reizdanja. Kroz priču smeštenu u doba kralja Artura njegov tvorac Harold Foster (Harold "Hal" Foster) postigao je ono što je samo malom broju umetnika pošlo za rukom: da svojom maštovitošću isprepletanom sa poznavanjem istorije i svakodnevnog života jedne epohe nadograđi saznanja savremene istorijske nauke. Podjednako dobro upućen i u verovanja, mitove i legende, dakle u svest tadašnjih ljudi, Foster je uspeo da oživi vreme svog junaka do neslućenih razmera sugestivnosti. Toliko da je i sam nehotično postao tvorac pojedinih "urbanih legendi" koje se pripisuju srednjem veku.

Među mitovima poteklim iz ovog stripa koji su se prelili u druga umetnička dela smešten je i onaj o Valijantovom raspevanom maču – "Flamberzeu" (Flamberge). U njemu se prepliću motivi iz Svetog Pisma sa predanjima o magičnom oružju paganske simbolike poput Arturovog Ekskalibura. Istorija i arheologija danas treba da se suoči sa snažnom umetnikovom imaginacijom i uporede je sa naučnim otkrićima o mačevima te drevne epohe, smeštena na samoj granici istorije i mita, realnosti i maštete, dakle upravo tamo gde ljudski um obitava i gde jedino i može da opstane.

Marko Aleksić

Among the nine arts, comic art is the one whose themes and topics are least of all related to the present and most of all travel through times; from the most distant past over historical, pseudohistorical and mythical periods to the future and science fiction. Alongside elemental and obvious reasons, such as unlimited budget of the "costumed" cartooned stories, the most important basis of this is unrestrained human imagination; namely imagination of the comic artists and their audience.

Prince Valiant is one of the most brilliant examples of comic serials so deeply immersed in the times of its tale, also one of the most popular and the most celebrated masterpieces of the genre. Concived long ago in 1937, with its numerous editions and reprints this serial remained favorite literature of many generations all around the world until today. Harold "Hal" Foster, creator of Valiant, through the story placed in the age of King Arthur achieved something that only a small number of artists can boast with: using his imagination together with his knowledge of history and everyday life of the epoch, he surpassed and outplayed limits of modern historical science. Foster, equally well versed in the beliefs, myths and legends, therefore in consciousness of the contemporary people, revived the era of his hero to exceptional proportions of the suggestiveness; and to such a high extent that he himself inadvertently became architect of some urban legends attributed to the Middle Ages.

The myth of Valiant's Singing Sword named Flamberg is the one of those who descended from this comic serial and were incorporated into other artworks. In it, motives from Holy Scripture are interlaced with sagas that tell of magical weapons filled with pagan symbolism, such as King Arthur's Excalibur. History and archeology are now facing creative imagination of the artist and should compare it with the findings of swords preserved from this ancient era situated at the very margin of history and fiction, of reality and fantasy; right there were human mind resides and where it can only survive.

IN MEMORIAM

SREĆKO JOVANOVIĆ (1930 - 2008)

RANKO MUNITIĆ (1943 - 2009)

SREĆKO JOVANOVIĆ

(1930 - 2008), osnivač i dugo-godišnji prvi čovek *Dečjih novina* iz Gornjeg Milanovca. Srećko Jovanović rođen je 20. januara 1930. god. u Valjevu, gde je završio osnovnu školu i gimnaziju. Diplomirao je na odseku slavistika, na Filološkom fakultetu u Beogradu. Radio je kraće Pričeviću kod Valjeva i u Ljigu.

Krajem 1956. kao profesor u Gornjem Milanovcu, zajedno sa Acom Lazarevićem i grupom prosvetnih radnika, pokrenuo je list *Dečje novine*. One će kasnije prerasti u novinsko-izdavačku kuću, čiji je glavni uradnik bio sve do svog penzionisanja 1995. godine.

Uspeo je da od *Dečjih novina* načini izdavača koji je posle Drugog svetskog rata oživeo strip u Jugoslaviji, a pored nabavke čuvenih stranih stripova najpoznatijih autora, da pokrene i bogatu domaću produkciju crtača i scenarista svih generacija. *Dečje novine* su bile prvi izdavač Diznijevih časopisa u celoj Istočnoj Evropi, a objavljivale su i na desetine izdanja posvećenih stripu, popularnih na teritoriji cele Jugoslavije. Bilo je to svojevrsno zlatno doba domaćeg i stranog stripa kod nas.

Neposredno pred smrt, Srećko Jovanović je 2008. godine dobio *Specijalno priznanje za doprinos srpskom stripu* – nagradu za životno delo Međunarodnog salona stripa u Beogradu na kome je iste godine i predsedavao žirijem za dodelu nagrada najuspešnijim učesnicima konkursa.

He managed to create a publishing company that revived the comics production in Yugoslavia after the WW2. Along the presentations of foreign comics authored by the most distinguished creators, he also started a flourishing domestic production of comics writers and artists of all generations. *Dečje Novine* were the first publisher of *Disney* magazines in the whole Eastern Europe and launched dozens of publications dedicated to the comics art popular all over Yugoslavia. It was the Golden Age of Comics – of foreign and domestic origin – in our country.

Shortly before his death, in 2008 Srećko Jovanović received *Special Acknowledgement for General Contribution to Serbian Comics* – the lifetime achievement award of the International Comics Showroom in Belgrade where, in the same year, he chaired the Jury for awarding the most successful participants of the contest.
